

Do you have a small horse farm? Are you happy with your pastures? Do you need a Nutrient Management Plan?

Join Anne Arundel Soil Conservation District for an evening pasture walk

Bring a weed sample and we will help identify it and give management tips

Wednesday September 1st
2010
5:00 to 7:00 pm
Land's End Farm
1101 Cumberstone Rd.
Harwood, MD 20776

What is a Nutrient Management Plan? Do you need one?
How/when should you take soil samples?

Industry experts will be available to answer your questions

Dave Myers
UMD Extension

Dr. Les Vough
NRCS Southern Maryland RC&D
Forage Systems Management
Consultant

Weylin Anderson
MDA Nutrient Management
Specialist

Weather permitting we will demonstrate over-seeding a horse pasture with a no-till drill

We will walk an actively grazed horse pasture and discuss management techniques to optimize forage for grazing and ground cover

This event is free, light refreshments will be provided. **Please RSVP by 8/27/10.** For more information or directions please contact Suzi Whilden at Anne Arundel Soil Conservation District: 410-571-6757 or Suzi.Whilden@md.nacdnet.net
